How much to order: Hotel Opening Procurement

For an opening, order by stage instead of ordering everything at once. Long-lead custom items start first; consumables arrive last.

Stage	Scope	Typical lead time	Notes
T-90 to T-60	Long-lead textiles	25–45 days	Sample approval before production
T-60 to T-30	Custom amenities & packaging	20–30 days	Artwork and material frozen
T-30 to T-15	Room set items	18–25 days	Slippers, hangers, bins, trays
T-15 to T-0	Operating supplies	15–20 days	Cleaning, carts, waste
Pre-opening top-up	Consumables	10–15 days	Amenities and guest supplies
Opening buffer	Per room	5–10% extra	Damage and early occupancy
Sample stage	Per category	3–5 / 7–12 days	Stock sample / custom sample
Loading plan	Per shipment	By container	Carton marks and loading photos

Send your opening date and room count and we will map these stages onto your actual calendar.
